Enrich your life by knowing a foreign language. Get a salary raise, have more interesting vacations and make more friends all because you speak German!

How to Learn German on a Budget

This cheap Kindle book reveals how you can

- \* get free high-quality language courses including audio and video recordings
- \* have free lessons with qualified German teachers
- \* find good free German dictionaries
- \* learn more words and phrases without paying a cent
- \* improve your grammar
- \* quickly develop a native-like accent
- \* work on your ability to read, listen, write or speak German

All methods use freely-available materials, whether online or offline: books, ebooks, websites, cds, dvds, videos, audio books, software and so on. In this day and age, there is no need to spend money on learning languages.

The Fast Track: Use the Same Methods Polyglots Use

I'm a polyglot: I speak 12 languages. I can't spend too much time on each language or there wouldn't be any time to study the others. I assume that you want to learn German fast, too. So this ebook only contains methods that work for me and other polyglots, methods that will enable you to learn German quickly.

Hand-picked Materials Only

These days, a lot of companies litter the internet, the app store and the Kindle store with defective or half-assed "free" lessons or software that are really only promotions of their paid content. I ignore those and my book only recommends extensive and effective free materials that I have used myself.

For All Levels

No matter whether you are a beginner, an intermediate or advanced student of German, or even a homeschooling mum, you will find plenty of useful suggestions in this book.

There are

7 ways to get free lessons with a teacher

11 ways to get free German courses, either directly linking to the courses or telling you where to look

12 ways to increase your German vocabulary without the need for expensive software

6 ways to improve your understanding of German grammar

3 ways to help you develop a good accent

13 ways to get started on reading German books, blogs and websites

11 ways to improve your ability to understand German movies, videos and conversations

5 ways to get better at speaking German

## 4 ways to improve your German writing

Get this Kindle ebook now and quickly improve your German!

Deutsch lernen war noch nie so einfach! (= Learning German has never been this easy!)

Best book of strategies I have found for learning a new language!

By Amazon Customer

I picked up about 16 strategies from this book which I use on a daily basis. There is nothing in this book that you could not find on your own if you had the time and patients; however, Judith did the research already, provided URL's and contact information whenever possible, so use it. The book is concise, the author doesn't fill each page with padding to give the appearance of a larger book (sorry, I have found other books like this to be about filling pages regardless of content). If you have already done personal research on how to learn a language this book might not be as useful to you, but to all others who have started to learn a language and asked themselves, 'now what?' this book will help!

Awesome book, highly recommend it

By Ahmed Attyah

This may be the best 3\$ i spent since a while. Excellent book with so many resources to learn German. The best thing is that the author explains the points of strength and weakness of each resource. Also, categorizing resources to fit in the four core parts of any language is really awesome. If you want to improve any skill just open its chapter. In addition, i know a lot of resources for learning languages, but this book surprised me with lots of useful resources i never heard of. If you want to learn German for free but don't know where to start, i highly recommend this book.

What a great way to Learn German

By Karen Brueggeman

This book is Great. It is filled with so many tips and free sites. I never knew there were so many free resources out there (not only online, but offline) With this many resources available to me, I should be speaking German in no time. This book is broken down into many wonderful topics, my favorite is "improve your vocabulary". This author gives such wonderful tips. Sehr zu empfehlen(Highly recommend). Great job and now I'm going to go purchase this authors other book, "72 ways to Learn French," so I can master that one too.
