Angels at Rest is Arresting!

By MG, freelance writer

Although this is Ms. Mulcahy's first novel, you would never be able to tell. From the first page to the last, you are drawn into a suspenseful plot filled with turns and unpredictable twists. It's a page turner (or page swiper in your Kindle) and you want to learn more and more about subjects ranging from ricin poisoning to pathology to human cruelty (and kindness).

As you read, you get to know the characters and why they are determined to do what is right. And Mulcahy weaves her plot teaching us that what is "right" remains in the eye of the beholder. In addition, Angels at Rest beautifully choreographs two major and complex story lines - gracefully intersecting its characters and plots when you least expect them.

Readers are now waiting for Mulcahy's next novel to see what her main character, FBI Agent, Sassy Steiner,

will so brilliantly unfold!

A great first book

By JoAnn G

I totally enjoyed this book. The author weaves many important issues of the day-terrorism, political corruption, privacy vs security, abuse-into a spellbinding page-turner of a who-done-it. Can you guess? I found it a great read and can't wait for the next book from this creative, skilled writer.

Angels At Rest a Thought Provoking Thriller

By PA

A nail biting thriller that takes the reader from Washington DC to the famed Northwest Territories on manhunt of a lifetime for Special Agent. Her skills are incredible as seeks to find the mastermind behind the terrorist attack at the U.S. Senate building. After I finished the book I purchased a copy of Angels At Rest for an early birthday gift for a friend. A must read at the beach this summer!!! I love Special Agent-in-Charge Steiner (nickname Sassy) what a amazing character.
