Artifacts is awesome

By Matt

I really enjoy this book one of Top Cow's best. Phenomenal story by Ron Marz and incredible art by industry legend and Image founder Whilce Portacio. Top Cow's supernatural and artifact based universe is a refreshing change from the super-hero filled ones of Marvel and DC.

Bad cropping on kindle...Makes a middling book worse.

By John Muth

The story is mildly entertaining and lives up to the reputation of a Top Cow book. Whilce Portacio's artwork is a mess and the over-reliance on double page spreads is difficult to follow reading on the screen. And if he were doing the art for the whole series I probably wouldn't continue.

But the real issue for this book is the bottom portion of it is cropped off. A lot of dialog balloons are lost and even in panel mode aren't visible, in-fact the blown up panels are usually worse.

Makes me yearn for the good ol' days of physical books. (Too bad I don't have any shelf space.)

Great graphic novel

By Daniel E.

An interesting mix of sci fi and supernatural. Top Cow is changing their universe with all of the artifact bearers. A must read for fans of Witchblade and The Darkness.
