It is a great option for families with small children and older children ...

By gilbertgrape1953

Our whole family loves this game. It is a great option for families with small children and older children as well...like ours. We also enjoy the Bird Bingo game. Even though they are both essentially the same game the wonderful artwork on the pieces engages all of us and makes the game fun. Quality materials and great craftsmanship. This game will last.

Great game

By K. Jones

This was a Christmas gift for two grandchildren. They love it! We were visiting and played it MANY times with them. Made very well and should be long lasting! They loved trying to pronounce the names of the BUGS. They are ages 5 and 7. Six would play at a time which was just fine.

A great learning tool

By BosMA

This was a gift to a family with children aged 7 and 9. Both parents are scientists. The mom, a biologist, loved the explanations provided about each bug. The quality of the game materials is very good, and the artwork is marvelous. I hope more of these games will be forthcoming--maybe seashells, reptiles, or fish, for example? Definitely recommended.
