## **Review**

"The volume adds[s] significantly to knowledge of colonial Korea. The essays are particularly provocative in the questions they raise about laws and policies?most notably, village consolidation, the Peace Preservation Law, and thought conversion?that were applied to both Japan and Korea but with very different results."?Choice Reviews, October 2013

# **COLONIAL RULE AND SOCIAL CHANGE IN KOREA 1910-1945 (CENTER FOR KOREA STUDIES PUBLICATIONS) FROM UNIVERSITY OF WASHINGTON PRESS PDF**

Colonial Rule and Social Change in Korea, 1910-1945 highlights the complex interaction between indigenous activity and colonial governance, emphasizing how Japanese rule adapted to Korean and missionary initiatives, as well as how Koreans found space within the colonial system to show agency. Topics covered range from economic development and national identity to education and family; from peasant uprisings and thought conversion to a comparison of missionary and colonial leprosariums. These assessments of Japan's colonial legacy represent new and illuminating approaches to historical memory that will resonate not just in Korean studies, but in colonial and postcolonial studies in general, and will have implications for the future of regional politics in East Asia.
