Quality-both physical and content are below average

By Inquisitive

Firstly, the quality of the physical book wasn't 100%. The back cover was bent and looked old. The book wasn't written very well. Besides the grammatical errors the content wasn't as entertaining as I would've liked. Overall this was a bad purchase.

A Must have for cricket fans

By David

If you're a cricket fan, there aren't many books out there for you. However, in this book, Andrew Ward tells about some legendary matches, some of which happened back in the 1800's. If you like cricket, get this book!
