Now, begin to love reading Dark Lord: The Rise Of Darth Vader (Star Wars) By James Luceno as well as obtain your brand-new life!

From Publishers Weekly

The Force is still to be reckoned with, primarily because Darth Vader continues to be one of the most fascinating dark pop icons since Dracula. Picking up where Matthew Stover's *Revenge of the Sith* (2005) left off, Luceno (*Labyrinth of Evil*) delivers exciting battle scenes and brave characters, including the beloved Wookie, Chewbacca. His ease with *Star Wars* techno-jargon is admirable. What's needed in this intermittently entertaining installment is a better opponent for Vader. Unfortunately, Yoda, the spiritual heart of the saga, appears to be in hiding. Instead, Luceno focuses on Jedi knight Roan Shryne; his Padawan sidekick, Olee Starstone; and other survivors of Emperor Palpatine's Jedi extermination. All appear to be earnest, if pale, imitations of Obi-Wan Kenobi. And where's Han Solo, far older than the Skywalker twins? Why can't Vader sense his twins' existence with his vaunted supernatural abilities? Too often the sympathetic Vader wallows in self-pity. Thankfully, exuberantly evil Palpatine (aka Darth Sidious) returns with more power lessons Vader laps up eagerly: "Where the Jedi gained power through understanding, the Sith gain understanding through power."

From Booklist

Picking up where the last *Star Wars* movie, *Revenge of the Sith*, ended, *Dark Lord* chronicles Anakin Skywalker's emotional transition from angry young Jedi to cold, ruthless Darth Vader. The novel opens on the planet Murkhana, hours before the clone troopers are given the order to turn on the Jedi and slaughter them. Jedi Master Roan Shryne and Padawan Olee Starstone escape death and manage to get off the planet, but not before getting a glimpse of the deadly Darth Vader, the new Sith lord who is the emperor's new right-hand man. But the former Anakin Skywalker is still filled with anger and resentment over what he perceives as the betrayal of his wife and his former mentor. As Sidious and Vader work to destroy the remains of the republic, Shryne and Starstone set out to rescue the remaining Jedi, who are spread out throughout the galaxy. Now that all three *Star Wars* prequel movies are out, expect plenty more novels along the lines of this gripping, fast-paced story. Kristine Huntley

DARK LORD: THE RISE OF DARTH VADER (STAR WARS) BY JAMES LUCENO PDF

Throughout the galaxy, it was believed that Jedi Knight Anakin Skywalker—the Chosen One—had died on Coruscant during the siege of the Jedi Temple. And, to some extent, that was true. Anakin was dead.

From the site of Anakin Skywalker's last stand—on the molten surface of the planet Mustafar, where he sought to destroy his friend and former master, Obi-Wan Kenobi—a fearsome specter in black has risen. Once the most powerful Knight ever known to the Jedi Order, he is now a disciple of the dark side, a lord of the dreaded Sith, and the avenging right hand of the galaxy's ruthless new Emperor. Seduced, deranged, and destroyed by the machinations of the Dark Lord Sidious, Anakin Skywalker is dead . . . and Darth Vader lives.

Word of the events that created him—the Jedi Council's failed mutiny against Supreme Chancellor Palpatine, the self-crowned Emperor's retaliatory command to exterminate the Jedi Order, and Anakin's massacre of his comrades and Masters in the Jedi Temple—has yet to reach all quarters. On the Outer Rim world of Murkhana, Jedi Masters Roan Shryne and Bol Chatak and Padawan Olee Starstone are leading a charge on a Separatist stronghold, unaware that the tide, red with Jedi blood, has turned suddenly against them.

When the three narrowly elude execution—and become the desperate prey in a hunt across space—it's neither clone soldiers, nor the newly deployed stormtroopers, nor even the wrath of the power-hungry Emperor himself they must fear most. The deadliest threat rests in the hideously swift and lethal crimson lightsaber of Darth Vader—behind whose brooding mask lies a shattered heart, a poisoned soul, and a cunning, twisted mind hell-bent on vengeance.

For the handful of scattered Jedi, survival is imperative if the light side of the Force is to be protected and the galaxy somehow, someday reclaimed. Yet more important still is the well-being of the twin infants, Leia and Luke Skywalker, the children of Anakin and his doomed bride, Padmé Amidala. Separated after Padmé's death, they must be made safe at all costs, lest the hope they represent for the future be turned to horror by the new Sith regime—and the unspeakable power of the dark side.

Awesome for Vador fans

By A Customer

If you love Vador then this is a must read. Also if you are a fan of the Sith. Learning about Vador's inner thoughts and feeling from the early days of him dawning the suit is priceless. Great read and well written.

Rise of the Most Intriguing Villain in Fiction

By J. Bongiorno

James Luceno's brilliant sequel to *Revenge of the Sith* manages to not only complete the saga of Anakin's descent into Darth Vader, but create a dynamic, moving portrait of loss and acceptance in a galaxy turned suddenly upside down.

Jedi Knight, Roan Shryne, has all but abandoned his faith in the Force in the wake of the tragic events of Order 66. He finds little solace in his companion, a plucky young Padawan who has grand plans of saving the remnant of Jedi. En route, he discovers something even more disturbing, a chance to give up life as a Jedi and start over as an ordinary man.

Darth Vader is also undergoing a crisis of faith, unable to move on past the deceit and betrayal of his masters (both Obi Wan and Sidious) and to forge for himself a reason for being other than as yet another pawn for Palpy. But the dark plans of Sidious have only just begun as the Sith Lord prods and pushes Vader into situations that will trigger the chrsalysis of rage, a pathway to the true power of the dark side. His machinations will team Vader up with the newest emergent power, an Imperial Moff, who's overarching designs will mean the enslavement of a nation and the means of fueling life into the Empire's emerging superweapon, the Death Star.

Luceno builds a story filled with pathos, horror and intriguing insights into the minds of Darths Vader and Sidious. Numerous long-standing questions are answered along the way as we're enmeshed in the moral dilemma of a galaxy that's lost its way: a Clone Commando who will not obey Order 66, a politician who risks all to secretly undermine the Empire, a young Padawan that learns -- too late -- the price of blind obedience to duty, a race of fierce beings who will fight at all costs a losing battle against tyranny, and the former Chosen One who learns that he needs the Jedi still to grow into the agent of evil he's chosen to become.
