However right here, only by search as well as find *Histories (Hackett Classics) By Herodotus, James Romm*, you can get the lists of the books that you really anticipate. Often, there are several books that are revealed. Those publications of course will certainly astonish you as this *Histories (Hackett Classics) By Herodotus, James Romm* compilation.

Review

This edition reproduces the fluent pace and readability of Herodotus' world-encompassing work. Mensch has produced a close translation of Herodotus' Greek that is also an engrossing read in English. As an old-time Herodotean, I found myself drawn into Herodotus' universe of history and story all over again. Combined with Romm's elegant introduction, which conveys the lure of Herodotus' work, the lucid maps and tables, and the pertinent, uncluttered notes, this is an edition to read for pleasure and for education. I recommend it to future students of Herodotus and their instructors, and to any reader who wants to discover and rediscover Herodotus in a vibrant new translation. -?Emily Greenwood, Yale University

Unadorned, readable, reliable. . . . If you want your Herodotus straight, but with no forfeiture of readability, I suggest Mensch. -?Simon Hornblower, in *The Wall Street Journal*

About the Author

Pamela Mensch's translation of Diogenes Laertius' *Lives and Doctrines of Eminent Philosophers* is forthcoming from Harvard University Press.

James Romm is the James H. Ottaway, Jr. Professor of Classics at Bard College and author of *Ghost on the Throne: The Death of Alexander the Great and the War for Crown and Empire* and *Dying Every Day: Seneca at the Court of Nero*, both from Knopf.

Wonderful Edition

By Evan Jones

This is a wonderful edition of Herodotus. The translation is easy without being trivial and the notes are helpful and many rather than abstruse and frequently questionable. I enjoyed every page.

Kindle Edition is a Headache

By Kristen Thomas-Arnold

This review is on the Kindle Edition:

Herodotus' Histories is a great look into not only the history of the time, but most especially the culture and James Romm does an excellent job in translating it.

That being said, do NOT get the Kindle Edition. The formatting is terrible, the table of contents does not link to the separate books and the search function is not even enabled. Considering the complexity of this work using the kindle edition will cause you a lot of grief, especially if you need this for a college class.

There was also an issue of skipping to completely different sections of the book when scrolling with the mouse wheel (reading on computer) instead of clicking the on screen buttons. I'm not sure if this is an issue with read.amazon or the book itself.
