Excellent coverage of Quranic Duas

By Muslimah

I think the book does a great job of picking out the Du'as from Quran and highlighting their complete context and thus we get more appreciation of these du'as. I also enjoyed the short version of the reasons for revelation for some of the Surahs that were provided. I also learned a good deal of the ahadith of the blessings of certain surahs of the Quran as reported by Prophet Muhammad (S). I plan to use this book to read and memorize the Du'as and to keep the context in which they appear in the Quran in mind. Good work!
