Some individuals might be chuckling when checking out you checking out **Intermediate Persian: A Grammar And Workbook (Grammar Workbooks) By Saeed Yousef, Hayedeh Torabi** in your downtime. Some might be admired of you. And also some may desire be like you who have reading leisure activity. Just what regarding your own feel? Have you really felt right? Reading Intermediate Persian: A Grammar And Workbook (Grammar Workbooks) By Saeed Yousef, Hayedeh Torabi is a need and a hobby at the same time. This problem is the one that will certainly make you really feel that you have to review. If you recognize are trying to find the book qualified Intermediate Persian: A Grammar And Workbook (Grammar Workbooks) By Saeed Yousef, Hayedeh Torabi as the option of reading, you could locate below.

## **Review**

"As with English, there's a lot more to Persian than meets the eye, or ear. It needs an all-round practitioner to teach the subtleties of this apparently easy but eloquently idiomatic and multidimensional tongue. Saeed Yousef fits the bill: an experienced teacher, a connoisseur of his own and several other languages, and a poet. His book is an essential vade mecum for all who have decided to make Persian their own." John Perry, Professor of Persian (Emeritus), The University of Chicago, USA

"Intermediate Persian: A Grammar and Workbook is an excellent complement to the core textbook in the classroom. Its structure is methodical, the units are easy to navigate, and the explanations are refreshingly low on jargon. The appendices (in particular the appendix that deals with the language of politeness, and the one on the Tehrani colloquial) are a great addition to an already comprehensive grammar." - Dominic Parviz Brookshaw, Stanford University, USA

## **About the Author**

Saeed Yousef is Senior Lecturer of Persian at the University of Chicago, USA. He is also a poet and has published books of literary criticism and translations.

Hayedeh Torabi was a Lecturer of Persian at the University of Chicago, USA. She is a published writer, essayist and translator.

This advised book is one of the all terrific Intermediate Persian: A Grammar And Workbook (Grammar Workbooks) By Saeed Yousef, Hayedeh Torabi collections that are in this site. You will certainly likewise find various other title as well as styles from different writers to browse below.

This publication *Intermediate Persian: A Grammar And Workbook (Grammar Workbooks) By Saeed Yousef, Hayedeh Torabi* deals you much better of life that could develop the high quality of the life better. This Intermediate Persian: A Grammar And Workbook (Grammar Workbooks) By Saeed Yousef, Hayedeh Torabi is what the people now require. You are right here as well as you might be specific as well as sure to get this book Intermediate Persian: A Grammar And Workbook (Grammar Workbooks) By Saeed Yousef, Hayedeh Torabi Never question to get it even this is simply a book. You could get this publication Intermediate Persian: A Grammar And Workbook (Grammar Workbooks) By Saeed Yousef, Hayedeh Torabi as one of your collections. But, not the compilation to show in your bookshelves. This is a priceless publication to be checking out compilation.

Just how is to make certain that this Intermediate Persian: A Grammar And Workbook (Grammar Workbooks) By Saeed Yousef, Hayedeh Torabi will not shown in your shelves? This is a soft file publication Intermediate Persian: A Grammar And Workbook (Grammar Workbooks) By Saeed Yousef, Hayedeh Torabi, so you could download Intermediate Persian: A Grammar And Workbook (Grammar Workbooks) By Saeed Yousef, Hayedeh Torabi by buying to get the soft documents. It will ease you to read it every time you need. When you feel lazy to relocate the published book from home to office to some area, this soft data will ease you not to do that. Because you can just save the information in your computer hardware as well as device. So, it enables you review it all over you have determination to review Intermediate Persian: A Grammar And Workbook (Grammar Workbooks) By Saeed Yousef, Hayedeh Torabi

# **INTERMEDIATE PERSIAN: A GRAMMAR AND WORKBOOK (GRAMMAR WORKBOOKS) BY SAEED YOUSEF, HAYEDEH TORABI PDF**

Intermediate Persian: A Grammar and Workbook comprises an accessible grammar and related exercises in a single volume. Each of the fourteen units deals with a particular grammatical point and provides associated exercises to help learners reinforce and consolidate their knowledge. There are additionally four appendices covering colloquial, polite, literary and journalistic styles.

Features include:

- clear, accessible format
- many useful language examples
- clear, jargon-free explanations of grammar
- abundant exercises with full answer key
- units covering different levels of language
- a glossary of Persian-English terms that includes all Persian simple verbs and their roots
- subject index

Intermediate Persian reviews many of the principle elements presented in its sister volume, Basic Persian, and introduces more advanced features and structures of the language. The two books form a compendium of the essentials of Persian grammar.

User-friendly and engaging, Intermediate Persian is suitable for both class use and independent study, making it an ideal grammar reference and practice resource for students and learners with some knowledge of the language.

Good, but not as great as 'Basic Persian' by the same authors

By Gwilym

I am one of the many readers who loved Routledge's Basic Persian Grammar and Workbook, and was of course pleased to see that the same author would write a second book, this Intermediate Persian Grammar and Workbook. Their first book is a tough act to follow, as it enjoyed rave reviews and more or everybody loved it. Or perhaps not THAT tough, since using the same formula would have been half-way there...

Unfortunately, this book is not as good as the 'Basic Persian'. One thing I (and many others) loved in the first book was that all new words used in a chapter were introduced at the start of the chapter. This great feature is completely absent from this Intermediate grammar, which is a great shame as it lowers the value of it quite a bit.

There are good aspects as well. As in the first book, the grammar explanations are very good and helpful. There are several useful and interesting appendixes, including one on poetic and archaic language, and one on the spoken language of Teheran. The latter appendix could have been a few pages longer, and didn't teach me anything I didn't already know, but it's still a nice feature.

All in all, this is a very good and helpful book, but learners who expect to get the same great formula as in the authors' Basic Persian might still come away a bit disappointed.

5 of 5 people found the following review helpful.

does not disappoint

By S. Lohrens

A wonderful book for both reference and practice, teaching very subtle and fine grammatical points at an advanced level. (The 'Basic' volume by the same authors was in fact somewhere between 'basic' and 'intermediate', and I find this volume to be somewhere between 'intermediate' and 'advanced'.)

I am familiar with this "Grammar and Workbook" series that Routledge is publishing for different languages (each with a 'Basic' and an 'Intermediate' volume). Nicely printed and everything jargon-free explained. As in any 'series' of this kind, there must be limitations regarding the number of pages or words allowed by the publisher, and this probably led to dropping one of the good features of the 'Basic' volume, i.e. the word lists at the beginning of each unit. But a comprehensive glossary (56 pages) more than makes up for that: I finally

had to learn the order of the letters of Persian alphabet to use the glossary with more ease, and now I even enjoy it.

Good book, but needs a new edition with much better editing.

By bdevin01

I enjoyed this book and found it extremely useful. It covers a wide range of complex farsi grammatical concepts and has good exercises to help the reader practice them. It has a limited audience in that it's intended for people who already have a reasonably sound foundation in Farsi and want to work on their knowledge of the grammar.

The main reason I'm declining to give it a higher score is the high volume of typographical errors in the farsi script. If the author were to issue a new edition with the errors corrected, I would give it a higher score. There are far too many instances of missing and/or juxtaposed letters for a book of this nature. It makes me wonder whether the author actually read the edited version before it was published.
