Perfect Intro to Proficient Journey

By Lindsay Castillo

Perfect Intro to Proficient book. I've seen training videos and followed along but this book was the home run. Not only did I learn about all the moving parts in a logical manner, I also enjoyed the nuggets of what a experiences DSC IT pro is thinking as he goes through the process of learning DSC.

The author was very keen on making sure that he was aware of the tripping points that a new comer would have in taking up DSC and pointed out all of the potential stumbling blocks along the way.
