Insurance agencies aren't your average small business. They don't have inventory. They can't have a "sale." There are no specials or trial offers. Yet they have their own benefits too. How many other businesses have a product that is required in order to drive a car or get a mortgage?

In this book, Robyn Sharp of AgencyUpdates.com breaks down all of the key areas that insurance agency owners need to address in order to achieve continual annual growth and high retention. She'll cover the 7 steps of her Insurance Sales Toolkit and help new and established agencies discover systems and processes that lead to more clients, more referrals, and more freedom in their agencies.

Must have for the independent agent!

By Dawn M Johnson

This is a must have for anyone working as an independent agent, especially in a small office setting. The price is beyond reasonable for the 174 pages you get in this book. We are so busy with the day to day operations and Robyn helps guide you with a game plan. I've sampled many different insurance agency marketing companies and I've found that Robyn Sharp's Agency Updates has been the most reputable and helpful one yet!
