Ifi and Job, a Nigerian couple in an arranged marriage, begin their lives together in Nebraska with a single, outrageous lie: that Job is a doctor, not a college dropout. Unwittingly, Ifi becomes his co-conspirator - that is until his first wife, Cheryl, whom he married for a green card years ago, reenters the picture and upsets Job's tenuous balancing act.

Julie Iromuanya has short stories and novel excerpts appearing or forthcoming in the Kenyon Review, Passages North, the Cream City Review, and the Tampa Review, among other journals. *Mr. and Mrs. Doctor* is her first novel.

- Sales Rank: #40944 in Audible
- Published on: 2015-11-24
- Format: Unabridged
- Original language: English
- Running time: 728 minutes

This is a writer to watch for!

By John Givens

This is a writer to watch for. Where do I begin? While this tale is about African immigrants in America it still felt very universal. Even when the odds are against them the characters are all driven by success in one way or another, even when that success makes them ugly, even though the success is propped up by hubris. It reads along the lines of a Faulkner southern gothic. It's really a character study of a group of flawed characters in a disturbing world. I guess my only complaint is that it does read kinda slow, but the beautiful language and some of the big shocks and sparks make the pace work. I read that this is the author's first book, so I'm pretty impressed with this debut.

Timeless mythos of ominous proportions...

By Chi Iro

Anyone reading this novel would understand the story is about the migrants Job and Ifi and their American experience. What is not so obvious is how the writer cunningly inserts Jamal the "akata" (the wild one) who indeed is the central figure and only hero of the story. He is after all an immediate and palpable presentation of the future that would confront Job and Ifi in the person of their most precious Ogbonnaya whom he helped deliver; a future that did not materialize.

Considering the misguided understanding of the benefits of Western migration by Nigerians, their endless hours queuing at Western embassies for the elusive visa, this story is both timely and honest in exposing the

underbelly of contemporary African migration to the West, the false hope it inspires and the derailment of life it presents for a multitude of those who embark on perilous and often epic journeys.

This fictional work nevertheless contains subliminal messages buried in a fast paced narrative of a contemporary African American odyssey. In the cross cultural genre championed by Ngozi Adichie, Julie Iromuanya's first long novel is truly inspired and infused with timeless mythos of ominous proportions. It is a prodigiously woven and consequential work even if flawed and incomplete in its character depictions. Simply put, it comes from a place of genius!

Tender, Satirical Tragedy: A Stunning, Engaging Read

By Michael G. Martin

This is a brilliant satire of the American dream, and Iromuanya draws bitter, hilarious irony from the wells of sexist, classist, and racist culture in both America and Nigeria. That's the good news. The bad news is, you will care about the people in this book so much that it will seem like open heart surgery. With incredible tenderness and a plot that twists in an utterly lifelike way, Iromuanya gives her readers Job, a man caught in a tragic web of lies, his wife Ifi, and a cast of characters that I carried with me from the moment I set this novel down. If I had to compare it to one book I've read, I'd say Ha Jin's *A Free Life*. I feel like I have been given the gift of profound empathy for people traveling a much different path than my own -- and can there be any greater praise for a work of literature?
