### **SUPER REFERENCE FOR ESL TEACHERS AND STUDENTS**

By A Customer

This book is a MUST. For ESL teachers asked what a phrase means, the exact definition (which is sometimes difficult to express) is readily available and in an explanatory contextual sentence. For ESL students, it is a guide to understanding what is being said at work and leisure. Its alphabetical organization by the first word in the phrase makes it easy to use. Its indexing is complete and again easily useable. Its small size begs one to carry it in a pocket for referral during communting, lunch or a free moment. I plan to give this book to each of my students as a course completion gift this term. I love it. They will too.
