She mentioned that the book taught her of a lot of stuff and quite a lot of things that she could have done better for her baby

By Hilda Tan

Bought this for my sister in law as her child is 5 months old, it's her first baby therefore she's not too familiar with everything and guess what, she couldn't stop reading it once she started! She mentioned that the book taught her of a lot of stuff and quite a lot of things that she could have done better for her baby. She had been

wondering when was a good time to introduce a bit of normal for her baby and this book gave her fantastic insights on it. Overall she mentioned that it's a simple but definitely a great guide to helping her raise a baby!

An interesting guide on raising a baby

By Mackenzie

My best friend has just given birth to a beautiful baby girl and I thought I'd get a book on raising a baby so I could help her with caring for her baby. This book is indeed very insightful, comprehensive and helpful! It's great how the author includes everything from a baby's milestones to something more minor like suggesting vaccination. From knowing practically nothing about raising a baby, I've just gain a trove of knowledge. An interesting read even for non parents like me.
