It isn't great literature, it's just meant to be funny,,,,,,

By Potluck Queen

I saw this and checked it out of the library. For younger children it's just a fun story. For older children in combination with "How to write Fractured Fairy Tales" it's a great introduction to creative writing, point of view etc. I also like the back of the book that has questions under "think about it"

If you want to really know if this book is for you, go to your local library. If they don't have a copy there is always the option of the Inter-Library Loan procedure (books usually take about 3 weeks to arrive). I almost always preview books from the library before purchasing ... it has saved a lot of disappointment.
