No help for the woman business traveler, otherwise very good.

By Nancy Beiman

I gave this four stars instead of five since the section on business custom does not describe how business women should dress and behave in Singapore. There's the passing remark that women should only initiate handshakes when one is introduced to a (presumably male) colleague; otherwise, there is nothing about how to dress or behave when working in Singapore. Can we wear pants? or must we wear skirts?

The chapter about dining etiquette and entertaining was fascinating. I'll keep this around for my upcoming

trip but only wish that it was a bit more helpful on the distaff side.

Singapore: Culture Smart was ok

By Singa Expat

I didn't find this book particularly useful - the information was pretty straightforward and very general. Wouldn't recommend - you can get all this cultural info online with a bit of research.
