Awesome piano book!!!

By Stefani M. Garcia

This is a awesome piano book for a super price. Strongly recommended!!!! I like it because it is large and it has numbers below the regular notes, as well as the lyrics. There are some nice songs in it and you will be able to play these in a flash. I can read music, but even someone who can't read notes will have fun with this book. Some of the 100 Songs you will get are: Amazing Grace, America the Beautiful, Adult Lang Syne, Battle Hymn of the Republic, Good Bless America, Greensleeve, Tennessee Waltz, Danny Boy, Days of Wine and Roses, Alexander Ragtime Band, All of Me, Dancing in the Dark, Dream a little Dream of Me, Smoke Gets in your Eyes, Lover come back to Me, This Land is your Land, etc...This is probably one of the best, if not the best Books I own and I hope the listed above will be helpful to you, to make your decision, if you will purchase it or not.

I'm on My Second Copy

By Reggae Girl

This book is a gold mine, a treasure trove of great standard hits. Being a "Reader's Digest" book, it naturally offers some information about the background of each song. The volume is versatile because pianists as well as guitarists and perhaps other kinds of musicians can learn and share melodies from "Shine On, Harvest Moon," "Let Me Call You Sweetheart," "My Blue Heaven," "Side by Side," "Alexander's Ragtime Band,"

and "Don't Fence Me In" to "For Me and My Gal" to "I Found a Million-Dollar Baby." There is even a small section of inspirational / religious numbers such as "Amazing Grace" and "Rock of Ages," plus The Birthday Song. Intermediate and even perhaps beginning musicians can play the melody line and use the chords that are provided. The only way I would tweak the selections is that I would add the haunting piano descant in "I Left My Heart in San Francisco," which musicians can learn by ear and insert. If I had to give up all my music books but one, this is the one I would keep.

New discovery of an older book.

By Myrna G.

I just ordered this book but only today my piano teacher handed me her Easy Way To Play and after a brief lesson I was hooked. I had to have one for myself. Somehow, I knew all the tunes. I am 60+ years old and I have heard these tunes all my life. The presentation is WOW! I love the art work, the organization, the easy way the tunes are set up. It is written in user friendly format and my teacher said that it is arranged in a super easy way so I would have no trouble with any song even a Cole Porter tune. I will use my teacher's book until mine arrives. I think this book will be on my piano stand forever! Thanks Readers Digest Books!
