great book

By Amazon Customer

I loved this book. I love that the brother would stand up and take responsibility even though he thought the girl was a bad person. I loved the tension between the two of them and how everything worked out. Of course it always works out in romance, which is why I continue to read them, but this one was definitely worth reading and I will read it again. The hero is sexy and droolworthy. If you love this book you will also love authors Melody Anne and Maisie Yates. Check them out.

Um...

By Amazon Customer

Preconceived notions of each other, a pregnancy, and time alone to discover what they had wrong about each other. Normally this would be a four star book, however the mother alone leaves me still shaken with her behavior and takes away hope for a truly happy future.... I have never been so ambivalent or unsure if I liked or disliked a book
