It consists of the everyday activities, works, workplace, entertainment, as well as much more. One of them is the fantastic website connection and also computer system. This problem will alleviate you to support one of your hobbies, reviewing habit. So, do you have eager to read this publication The Message Of Daniel (Bible Speaks Today) By Dale Ralph Davis now?

Review

"Here is a fine volume on Daniel by Dale Ralph Davis, who is simply one of the best writers today on any Old Testament historical portion, in the Bible Speaks Today series. Helpful in the ways usually found in this series, this volume is also particularly so for preachers. . . . The book is enriching and I highly recommend it." (Jimmy R. Reagan, *The Reagan Review*, June 15, 2015)

"This is a commentary that serves both the laity and preachers. Davis doesn't load the text with too many technical points but allows for a good flow for reading. He retains the technical elements but keeps them in the footnotes. It definitely serves as a wonderful entry point into the book of Daniel." (Kent I. Compton, *Haddington House Journal*, 2015)

"Davis, obviously a capable preacher, explains the background to Daniel, sifts through interpretive issues (some of them quite problematic) and then offers a faithful exposition of the book's message. Recommended." (Rev. Dr. Bob Robinson, *Latimer Fellowship*, 2015)

About the Author

Dale Ralph Davis is minister in residence at First Presbyterian Church in Columbia, South Carolina, and formerly professor of Old Testament at Reformed Theological Seminary in Jackson. He now lives in rural Tennessee and is the author of many books, including an expository study of Judges and *The Word Became Fresh: How to Preach from Old Testament Narrative Texts*.

Digging Daniel

By Michael Philliber

With a glut of printed, recorded and visualized material on prophecy, and all the hub-bub over failed end-

times prognostications that has spilled into the media, another volume on a biblical prophetic book might receive a grimacing wince, or groaning incredulity. But Dale Ralph Davis's new 176 page paperback, "The Message of Daniel" is a unique treatment of this Old Testament prophet that is devotional, homiletical, textual and thoughtful. This is part of "The Bible Speaks Today" series, and replaces the classic piece by Ronald Wallace.

Davis takes the position that Daniel was written by whom it claims to be written, during the period of time it claims to have been written; but he doesn't spill gallons of ink on laying out all the pros and cons. After the brief, concentrated analysis in the introduction, most of the reasoning arises in short, thoughtful, and sometime humorous, footnotes throughout the work. Even if the reader disagrees, he will gain a new appreciation for the reasonableness of accepting Daniel as an original work written by a real, historical person (Daniel himself) during the actual time it maintains it was written (During the reign of Nebuchadnezzar, Cyrus and Darius).

In the Introduction Davis shows how the book is arranged, the first half recounting the deeds of specific actors, and the second half recording special visions. He also brings out the thematic flow, as well as the linguistic changes (Hebrew to Aramaic back to Hebrew). But again, the author doesn't wear the reader down with loads and loads of highly technical verbiage. He highlights what is essential to know, and then moves on.

In "The Message of Daniel," the author essentially follows the book of Daniel, from chapter one straight through to chapter twelve. He doesn't work it out like a normal commentary, verse by verse, with tons of Hebrew/Aramaic syntactical-grammatical verbosity cluttering up the page. Instead, the material genuinely lends itself to serious devotional reading, as well as preparing preachers to pull together a sermon series on Daniel.

On a personal note, while reading through the commentary I found myself repeatedly stopping to pray and give thanks. There were one-liners, paragraphs and whole sections that pulled me up short, and re-awakened in me a sense of awe and gratitude. I also found myself worshipfully contemplating the section I had just read throughout the day, rejoicing over some aspect of God's goodness, or working out what this or that might look like. I would say that most of the commentaries I have read over the years have rarely done any of this to me.

Dale Ralph Davis has crafted a useable, understandable, theologically solid work on the book of Daniel. Though the author writes from a particular eschatological position with which I might not fully agree, coming to conclusions on specific verses and sections I might not settle for, nevertheless this material is encouraging, rousing, and healthily sobering. Besides giving this book to your minister for his birthday or clergy-appreciation month, or using it in a Bible study gathering, this is a book that needs to be put into the hands of God's people who are experiencing various forms of maltreatment and misfortune. The message of Daniel, and of Dale Ralph Davis, is meant to bolster faith and faithfulness; "If you are Jesus' disciple, you are simply called to keep on going, to keep slogging on in your worship of Christ, to keep refusing to bow to the latest idol" (168). I highly recommend this book!

Outstanding!

By Jimmy R. Reagan

Here is a fine volume on Daniel by Dale Ralph Davis, who is simply one of the best writers today on any Old Testament historical portion, in the Bible Speaks Today series. Helpful in the ways usually found in this series, this volume is also particularly so for preachers. It delivers at a level we have come to expect from Mr. Davis too.

The Introduction is short, but powerful in its easy repudiation of critical theories and dating. I would even call that section fun to read. I found myself agreeing with much of what he wrote.

Again, the history was superb here. Background on Babylon and the Jews in Babylon was illuminating. From thoughts on the diet put before Daniel and his friends to Nebuchadnezzar's mindset or dream the reader gains much and through the more famous stories as well. He brings out the information and insights most needed

Since I have a different perspective than him on prophecy, I could not agree him on passages like, say, Daniel 9:25-27. Still, he was kind in presenting his amillennial case, and the other historical sections are well worth the price of the book. I would already label this my favorite from that prophetic viewpoint though I hold to a different one.

The book is enriching and I highly recommend it.

I received this book free from the publisher. I was not required to write a positive review. The opinions I have expressed are my own. I am disclosing this in accordance with the Federal Trade Commission's 16 CFR, Part 255.

Great

By tippy

Another great exposition/commentary by Davis. A little weak on the details, but does cover all the options very well, comes to a main conclusion on the debatable areas, and as always, drives the main point home with an application derived from the text itself. My favorite OT commentator!
