Everyone in the world is familiar with the Great Pyramid in Egypt, but only a few realize it was ordained by the hand of God. The prophet Isaiah tells us it's an altar and a witness for the one true God. Josephus, the Jewish historian, says it was built by the children of Seth before the great flood. Egyptian legend calls it the "Pillar of Enoch" after the Patriarch who walked with God. Early Jewish writings, Egyptian hieroglyphs, and ancient historians provide clues to the secrets within the Great Pyramid. But first you must ask yourself, what is Truth? Are you willing to set aside your preconceptions to understand the Truth? The Middle of the Earth: Genesis in Egypt reveals astonishing truths that can transform our world and beckon all who read it to the call of Christ. Western civilization has pushed God out of the picture and filled us with false ideas. Author Allen Austin urges you to reject the false absurdities and embrace our true history. It lies in the middle of the earth.

Very thought provoking!

By Kathleen

This book by Allen Austin is very thought provoking. It makes you want to dig in and join him on his search for the answers. You start looking at ancient history from different perspectives and possibilities. The book amazes me in all the wealth of information it contains. A lot of thought, research and work has gone into the book. It will set you off on a journey of your own as you dig in and rediscover the mysteries of the Bible for yourself.

As stated several times by Mr. Austin, there ...

By IJAMOT Beats

As stated several times by Mr. Austin, there is a lot of conjecture, which can't really be avoided because of the antiquity of the topic. Thought provoking, but can't really be used a basis for knowledge.
