It's very sweet.

By Amazon Customer

I didn't expect much from it but when I read it it had a very good storyline. Though I find the main heroine very with little self confident it made it very sweet that the hero was that much outgoing and just a sweetheart for a male character in a harlequin manga or novel. I'm gonna have to get the novel in itself to read that one. It really was a sweet read.

Feel good fantastic story

By Kathy mooney

This book was a fantastic read, the story and characters were so real and the story pulled at your heart strings. I read it in a day because I honestly couldn't put it down. The only downside, there was no epilogue

The Midwife's Child

By Amazon Customer

This was a good read and I did enjoy the book. The only part I didn't like was the female lead being so stubborn about accepting that someone could love her for herself. Talk about "mule-headed." Geez, she took it to another level! But it did end happy families and I do love a happy end.....
