UP CLOSE AND DANGEROUS: A NOVEL BY LINDA HOWARD PDF

A mysterious plane crash . . . a dangerous trek through the Idaho wilderness . . . a smoldering attraction . . . and a deadly game of cat and mouse. In her latest tour de force of romantic suspense, New York Times bestselling author Linda Howard blends these elements into a gripping story that will keep readers breathless—and leave them begging for more. For in Linda Howard's world, trust can be a weapon, a kiss can be a threat, and intimacy can be deadly.

Bailey Wingate's scheming adult stepchildren are surprised when their father's will leaves Bailey in control of their fortune, and war ensues. A year later, while flying from Seattle to Denver in a small plane, Bailey nearly dies herself when the engine sputters—and then fails.

Cam Justice, her sexy Texan pilot, manages to crash-land the aircraft. Stranded in the wilderness, and struggling to douse her feelings for the ruggedly handsome man by her side, Bailey begins to wonder whether this was a mere accident. Who tampered with their plane? Who's trying to reunite Bailey and her husband in the afterlife? Cut off from the world, and with little hope of rescue, Bailey must trust her life—and heart—to Cam, as they battle the harsh elements to find a way out of the unforgiving wilds and back to civilization . . . where a killer may be waiting to finish the job.

Sexy, suspenseful, and lightning fast, Up Close and Dangerous showcases a beloved author at her dazzling best.

Always a surprise ending

By Amazon Customer

Good story line strong characters, thickening plot with twists that stun and surprise. All through the book I knew the end, but when I got to the end I was way wrong

Wait for the paperback

By Elaine C McTyer

I agree with another reviewer that this book is not worth the price. It is not a bad book but it is not a good book either. It reads like a how to book if you crash in the mountains in an airplane and survive. The attention to detail overshadows the short story.

Bailey Wingate was a trophy wife, now a widow. At least that is how it looks to others. The truth is a well kept secret. Her step-children who are older than her actually hate her guts. She enjoys the conveniences that are available to her and not the least is a flying limo service.

Cameron Justice is half owner of the limo-plane service. He doesn't usually fly Bailey anywhere, his partner does. Cam considers her exactly what she seems to be, a gold digger.

When she wants to fly off on vacation, Cam must step in because Bret, his partner, has an allergic reaction and becomes ill. Half way to their destination the plane goes down, and only Cam's ability as a pilot saves their lives.

I was disappointed in the romance and how hurt and cold people manage to have mediocre intimacy is beyond me. If you find yourself in this position hope you have this book with you. It is very detailed on how to survive. But as a romance, suspense thriller, or whatever it is far below my standards and the abilities of Linda Howard. Wait for the paperback if you must read it.
