# WHO I AM BY M.L. RICE PDF

Devin Kelly—Air Force brat. Band nerd. Bookworm. Loner. After the death of her father, she and her mother move to Los Angeles to start a new life. Devin is "welcomed" to her new school by Jason, an arrogant bully who promises to make the rest of her senior year miserable. Things turn around, however, when beautiful, intelligent Melanie Parker, who happens to be Jason's sister, comes to her rescue. Devin is inspired by her new friend, and for the first time, begins to excel in school and is able to nurture her inherent musical talent. As Devin's and Melanie's relationship grows, Devin finds herself becoming increasingly drawn to her new friend's vivacious spirit. Devin's newfound confidence is severely tested, however, when Jason's bullying takes a violent turn...and she realizes that her feelings for Melanie are more than platonic.

Fun, touching coming-out/coming-of-age story

By raggedyann

Who I Am was a really good read. The first half made me laugh (I found Devin, the main character and narrator, to be surprisingly funny), and I kept wanting to read parts of it aloud to my girlfriend. The second half was more emotional and I couldn't stop reading.

It's a coming out story about the terror and exhilaration of falling in love with a friend, and about having to deal with classmates and family who are less than understanding. I wish I had had this book to read when I was in junior high or high school (in fact I'm planning to buy a copy for my younger sister).

The book is universal enough that pretty much anyone who likes young adult coming-of-age or first-love stories will enjoy reading it, and it's true enough that anyone who grew up being different (in any way, really) will recognize and empathize with Devin's situation.

Highly recommended!

7 of 7 people found the following review helpful.

A balanced and enjoyable young adult book about coming out

By Philologus

This is a new book in the BSB Young Adult section and seems to be a debut book by M.L. Rice. This is a enjoyable book by M.L. Rice who captures well the high-school pressure on nerds, the ups and downs of coming out, the bliss of young love along with some unexpected turns in the story. It is nice that the focus on the story is solidly on the positive side, although the scary and life-threatening possibilities of a coming out are explored in depth. I liked that there is a balance and that the message comes across that it can get better without dismissing the difficult aspects. A solid and enjoyable book.

4 of 4 people found the following review helpful.

Really good Coming out story!

By Amazon Customer

I dont really read coming out stories to much but i decided to give this book a try and i was not disappointed. The characters are some that you will love your self. Usually books dont make me cry but with this one i had tears streaming down my face during a part of the book. It opens you up to the type of reactions that a lot of kids go through when coming out to their families. This book will be on my reread list and i recommend it to everyone willing to give it a try.
